In the upcoming months, Community Consultations and Focus Groups will be held in the community to assist Leadership in deciding how to proceed with law development, regulations, and policy development. Your input is important.

A Survey has been developed seeking your input as well. This will be conducted in the next few weeks, 2 individuals will be going door to door to request your input. They can assist you in completing the survey or you can fill it out and return by May 18, 2018.
